Additional Local.

A passing picture show drew a small crowd at the Amusement hall Thursday evening.

Mrs. Buba Hunsaker of Honeyville, was visiting in this city yesterday the guest of her mother, Mrs. Ava Sasser.

Hon. F. W. Fishburn and Sheriff Jos. Josephson of Brigham gave us a pleasant call yesterday.

An account of the Halloween parties given in this city also of the doings of the "ghosts" were crowded out of this issue but will appear next week.

Monday Mrs. J. M. Francke left for her home in Oklahoma to spend the winter. Dr. Francke accompanied her as far as Ogden.

Rest. Mgr. Mosiah Evans was a Salt Lake visitor Tuesday.

C. W. Lawrence of Corinne was in town Wednesday.

Mrs. Emily Larsen and John Jardine of Clarkston, mother and brother of Mrs. W. J. Fife, were visiting in this city the fore part of the week.

Monday a car of coal came in for the firm of Grover, Rose & Co. and as soon as the news was circulated wagons and buggies could be seen coming from all directions to be the first to get a grab at it. Main street was soon crowded with rigs anxiously awaiting their turn to be weighed. The line of wagons extended from the O S L depot to the Amusement hall, one behind the other. The car contained twenty tons of mine run coal which was distributed in three to five hundred pound lots to the crowd. In a short time the car was empty and it is safe to say that ten cars would hardly satisfy the present demand.

Cut this out and take it to Ritter Bros. drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. For biliousness and constipation they are unequalled. They improve the appetite, strengthen the digestion and regulate the liver and bowels.

Sunday Services.

The regular afternoon services last Sunday were presided over by Bp W L Grover the attendance being quite good. Singing "Come, Come, Ye Saints" by the choir and congregation. Prayer by D E Manning. Singing by the choir "Peace Be Still." The sacrament was administered by Elders B J Trunnell and John Devey. O W Hyde and David B Foulger addressed the meeting. Miss Essie Evans sang "Kind Words are Sweet Tones of the Heart." Charles Munns was the last speaker. A number of certificates were presented and accepted. Singing "Do What is Right." Benediction by B J Trunnell.

EVENING MEETING.

In the evening under the auspices of the S. S. Union of the North district a very interesting lecture was given by Prof. McKendrick of the Weber Stake. Jos Jensen had charge of the meeting. The roll call showed 67 representatives of the district present. Mr. Hendricks subject was "Discipline in the Sunday School." The lecture was very interesting. H. W. Valentine of the S. S. board from Brigham City, made a few remarks and gave notice of a S. S. convention to be held at Brigham City December 1st

Republican Column.

[Edited by the Republican County Committee.]

The political aspects in Box Elder County this year are such that every one may realize his fullest desire regarding political principles so far as his voting is concerned. With four tickets in the field the voter should be able to select the one whose party presents an ideal platform of governmental principles according to his way of thinking. There are too many, however, who think this can be best done by "scratching" the ticket. This is not the case.

Each party stands for such laws and such manipulation of government as to its members seem best; and the only way a voter can demonstrate his support of a party and its declaration and methods is to vote the ticket straight.

Through the working of the Republi-

can Party the United States has under the leadership of Republican statesman, attained a prosperity never before known in the history of any country, and even beyond our own most sanguine expectations as may be learned by comparing present notes with those of ten years ago. To vote the Republican ticket is to sustain President Roosevelt in what he is doing. To vote any other ticket is to vote against him.

The Democrats by their platform do not sustain him, and the Americans are ashamed of him; so said one of their speakers at their late convention held in Salt Lake City, and he was applauded to the echo by his auditors. Are the Republicans of Box Elder County ashamed of President Roosevelt? We think not.

THE REPUBLICAN PARTY of Box Elder County is convention assembled on the 13th day of October, placed a ticket in the field, that should appeal to the judgment of the voters. The Republican Party has in the past given the county a clean, honest and business-like administration, for which no excuses need be offered. It is probably true that mistakes have been made by our incumbents in office at different times and on different occasions. We are bound to confess that all of our candidates are mortal, and subject to the limitations of the human race. At the same time we refer with pride to the record of the management of the public affairs by the republican party in this county, and appeal to all who approve of sound business policies in our local affairs to elect the candidates on the ticket under the eagle and beehive. Several of the candidates have served the public faithfully and well in the past, and their record is the best guarantee for their future usefulness in the public service. It has been customary in the past to honor public officers who have served faithfully in their respective capacities, with a second term and the convention did not vary greatly from the time-honored practice in this regard, but placed upon a majority of the officers who had served one term, the stamp of approval by renomination to succeed themselves.

JOSEPH HOWELL.

Words of praise for Theodore Roosevelt and the present National Administration are universal. Coming from republican, socialist american and democrat alike. The prosecution of unlawful trusts and corrupt officials in public office, the enactment of splendid laws favorable and just to the common people, the general prosperity of the entire nation is due largely to a republican administration and a vote for congressman Joseph Howell will be an endorsement of the past good work and help towards securing the enactment of more good and wholesome laws.

JOSEPH E. FRICKE.

Every citizen is interested in the judiciary of this state. Joseph E. Fricke is a man whose character cannot be questioned as a lawyer and who will make a wise and efficient associate justice of the Supreme Court.

W. S. HANSEN.

nominated for representative to the state legislature, is too well known to need any introduction to the people of Box Elder county. He is known far beyond the boundaries of our state as a man of superior ability and a man of honor. He is a representative citizen of our fair common-wealth and as a man of business he has few superiors. He is a scientific farmer, representative of our best citizens, broad-minded and whole souled, tied to no faction, section, creed or color, but pledged to work for the advancement of our state and county without fear or favor. His past life and labors are among the best arguments that can be advanced in urging the people of Box Elder county to vote for W. S. Hansen to represent them in the next state legislature.

Democratic Column.

[Edited by the Democratic County Committee.]

TO THE VOTERS OF BOX ELDER COUNTY.

Permit me to appeal to you in behalf of the people of Utah to do all in your power on November 6th to bring about peace in Utah. How can this be done? By electing to Congress Honorable O. W. Powers, and to the State Legislature Wynn L. Eddy, and thus assisting in smashing the Republican State Machine.

O. W. Powers will in Salt Lake county receive a majority of 2,000 votes according to reports. He is supported by the laboring classes. It would be, shall I say a crime, for a Democrat to scratch either Judge Powers or Mr. Eddy on account of his not being a member of the Mormon church. I ask all people, irrespective of politics, who are tired of the agitation that now exists politically in Utah, to support them.

Permit me to say farther that while the American party nominated four of our nominees on their ticket it was done without solicitation either on their part or on the part of the Democratic Party, and without entailing any obligation whatsoever to the American Party, other than what they would be entitled to as American citizens. We are sanguine of electing our county commissioners John P. Christensen and Alan Roche. They merit your support in every particular. Republicans—do not be afraid to vote for our nominees, and I ask that no democrat scratch by reason of our nominee having been endorsed by the Americans.

J. D. CALL,
County Chairman.

HON. O. W. POWERS

is so well known throughout this county that it is unnecessary to attempt to tell of his qualifications for the high position of Congressman. He is a man of superior attainments, in every way qualified for that office. Every citizen of Utah could point with pride to their representative in Congress and his election would be the dawning of an era of peace and good will in Utah.

J. W. N. WHITECOTTON

has built up a reputation as one of the leading attorneys of the state. His home is in Provo, a place famous for its bright and its weak minds, and for other things for which Mr. Whitecotton should not be held accountable. He will make an ideal justice of the Supreme court.

WYNN L. EDDY

the democratic nominee for representative to the State Legislature, is a young man of exceptional ability and remarkable popularity. He is a democrat, "dyed in the wool" of the old southern type. Mr Wynn L Eddy was raised on a farm in Texas where he attended the public schools and at the early age of sixteen was given a first grade certificate to teach school. He studied pharmacy and kindred sciences one year at Baylor University, Waco, Texas, after which he engaged with his father in the drug business at Winlock, Wash., for a few years. He came to Brigham city about twelve years ago and went into the drug business and has taken an active part in public affairs of the city and county ever since. He has been signally successful in his own business and will, if elected, bring to bear the same careful judgment in the affairs of the state.

JOHN P. CHRISTENSEN.

John P Christensen has had experience in municipal matters sufficient to show that he can be trusted to regulate county affairs. He would earnestly consider the county's needs and try to make the best use possible of the county's funds. He believes in good roads and bridges to promote the farmers' comfort and happiness.

ALAN ROCHE.

While the Democratic candidate for county commissioner makes no claim of illustrious ancestors, neither is his name "Dennis" and he is going to win out on election day because he has made a reputation that will appeal to the voters. He is a practical, successful farmer and well posted on county affairs and particularly on what is needed by the farming community. He was one of the most active members of the Farmers' Protective Association in its struggle for justice a few years ago and is earnest in all he does. He will make an excellent county commissioner.

American Column.

[Edited by The American Party].

On the dial of the ages the index has struck the happy hour for political liberty in Utah. Fifteen years ago when the division on party lines came, it was because of the freedom granted the Mormon people by President Woodruff and the great Mormon conference. Before that time there was religious war and misery. Before that time the president of the church had been governor of the state. An apostle represented Utah in Congress. Apostles made up a great portion of the legislature. High officials of the church held the offices. For more than thirty years there was only one ticket in the field, that of the People's party and they all voted as a unit. There was in truth no choice given the people. There can be no choice when there is only one ticket in the field. But President Woodruff and the great Mormon conference changed all this. They caused a division on party lines. They could not permit high officials in politics. The era of peace and good will came accordingly. They have swerved a little from the good old rules laid down by President Woodruff but if we can go back to them peace and good will will come again.

The American party stands for keeping the pledges of President Woodruff. It stands for another era of peace and good will.

Put your X under the American Flag and vote the following ticket:

For Congress—Thomas Weir.
For Supreme Judge—Thos. Moloney.
For Representative—Wynn L Eddy of Brigham City.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else. It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and salivary complaint, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend
